SYLVAN HILLS MIDDLE SCHOON MISSION AND VISION STATEMENT

Mission

It is our mission to provide a learning environment that ensures high expectations for all of our scholars through instruction, real-world applications and technology that promotes and fosters knowledge and skill.

Vision

Sylvan will provide a nurturing and safe environment where scholars become critical thinkers, problem solvers, lifelong learners, and productive citizens.

Course Description:

The purpose of Math Intervention/ Math Support is to support the math teams in student mastery. Our approach links Common Core, state standards and school curricula to promoting rigor and student engagement. Students work in cooperative teams and get motivated to solve problems through engaging videos featuring student mathematicians. Students will alternate between intervention classes following a blocked A/B schedule.

Units of Study:

The Number System

Unit 2- Computation Skills

Unit 3- Fraction

Unit 4-Rational Numbers

Ratios and Proportions

Unit 5- Introduction to Ratios and Rates

Unit 6- Ratio and Percent Application
